LIKE-MINDED PEERS**

FBA's Forum Group Program fosters a community where like-minded peers come together for collective learning, growth and support. We are now pleased to offer you a program tailored to emerging leaders.

Equipping future leaders with critical skills for the next decade is vital for the longevity of your family business.

This program is designed to help young family business members gain essential leadership and management skills while connecting with like-minded peers in a confidential setting. Through a structured and facilitated agenda, participants will develop the competencies and networks crucial for future success.

Participants will learn best practice from leading Australian family businesses and drive their own businesses forward with fresh insights and strategies.

Currently available as an in-person program in Melbourne and Sydney.
